Updates

Hampshire Learning
Disability Partnership

Our big ideas to make things better

Change the name to the Hampshire Learning Disability Partnership

Close the LIGs and change to topic based working groups:

Complex Needs

To represent those who cannot speak for themselves

Adult Social Care

Communications

Health and Wellbeing

Carer's Forum

Staying Safe

Hampshire Learning
Disability Partnership

Some of the working groups have started meeting online:

- Carer's Forum
- Adult Social Care
- Communications
- Health and Wellbeing

More Self-Advocates:

- We have two new self-advocates
- We hope to recruit more before the next partnership meeting to fill spaces on the working groups

Hampshire Learning
Disability Partnership

We have all worked together to decide how our meetings run.
We:

- designed the Terms of Reference and the group rules.
- take it in turns to Chair the meetings so we all have the chance.
- decide what we want to talk about.
- feel these meetings work well for us now.

The county council have thought about our payments.
They have raised the amount and made it an hourly rate.
This means we get the same as anyone else working with them.

**Hampshire Learning
Disability Partnership**

We now have a You Said, We Did tool.

Amanda used our ideas to design one that we are very happy with. It is an easy way to keep track of actions from our meetings. We said we didn't need to have minutes now because this helps us more.

We use new communication cards.

We chose wallet sized cards to communicate with. We have these in meetings so that everyone can join in.

Hampshire Learning
Disability Partnership

We interviewed Joe, who offered to design our new website.

We thought he was the right person for the job.

He comes to our Communications group meetings.

He updates us on his work and listens to our thoughts and ideas

We have a short cut button for our phones and Ipads.

Joe gave us a link to look at the website and try it out.

We can look up meeting information whenever we want.

We want to have videos and audio information on the website.

We want to make the website really good
so that people use it.

Hampshire Learning
Disability Partnership

We want to link with other self advocates in Portsmouth, Southampton and Isle of Wight Learning Disability Partnerships.

- We want to share ideas and resources with each other.
- We are making links for this to happen in future.

Learning Disability Week, we supported events including:

Mencap and All Party Parliamentary Group event

Willow Group Service User Event - Gosport

Events held by our day services and Southern Health

Giving audio feedback on how the pandemic has been for us

**Hampshire Learning
Disability Partnership**

Future Ideas

We would like training on getting feedback from other people who have a learning disability, so we can share their views

We would like a YouTube channel.

Hampshire Learning
Disability Partnership

This is the end of our presentation

Thank you for listening
