HLDP MINUTES

Meeting held on Wednesday
20 March 2024

On Teams

Previous Minutes:

The minutes were approved and signed off.

ACTIONS from previous meeting:

Were checked

Welcome and rules were read out

Introductions from everyone

Self-Advocates of the HLDP gave an update on the working groups - presentation attached

After this there was some conversation:

A parent carer said carers should always show their ID badge and the agency should phone ahead if there are changes.

Annual Health checks need to improve. They are not detailed enough. A GP at the Complex Needs group said how important they are. Two examples were given of waiting 3 years and another being overdue for complex needs.

Cllr Withers will highlight this in LD and Autism Steering Group.

Do self-advocates have health passports and a health plan? Health action plans should be given at annual health checks.

All agreed prevention is a key aspect of health

We had a short break

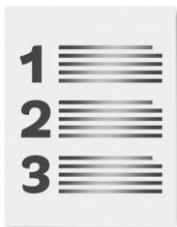

JW came to talk about a service user feedback form for Hampshire County Council.

After an event or an assessment this can be done, it is available online on paper and in easy read.

It would be sent by the person who met you.

What will you do with the results?

We will use these to see areas that could be better. It will tell us how you felt and what we need to do.

Self-advocates requested bigger writing and 3 questions is good. May need support to do this.

Carers Group Update for the HLDP DH sent his apologies due to a clash with another carers meeting, AL read through the carers slides - presentation attached

Discussed:

What is HOAP – it is carers of people who are older adults themselves. People would like to know more about this group

Linden Farm is a project just completed to support people with Complex Needs and family respite. Designed to meet all needs

Complex Needs Group Update for the HLDP – given by Alison Cooper, Chair - presentation attached

Discussed:

Hamberley Care has provision in Basingstoke, Southampton and Camberley and made an invite for parent carers to visit the facilities on offer.

Importance of regular therapies in maintaining well being and a further conversation about changing areas, such as no facilities on flights for this.

Want to raise issues so others can hear more voices. One self-advocate requested to visit the group to learn more about Complex Needs.

It would be good to get more parent carers involved.

Hampshire County Council Future Services Consultation:

Comments:

- Why are disabled people and poor people always hit the hardest (self-advocate)

- Survey feedback will impact residential services provided
- Everyone should complete the survey before 31 March
- Make sure your voice is heard
- The survey is available in Easy Read

KA raised concern about lighting on Compton Road Winchester in Winter for catching the bus

Cllr Withers is on the joint committee for new hospital in Basingstoke, parking, access to toilets and care needs discussed.

LM concerned about access to new hospital by road

A new hospital facility is needed to meet the demands of the future from lessons learnt in Covid.

Individual rooms needed – not open wards

Hospital transport talked about and available through neighbourhood care groups. First Wessex Community receive a grant to provide this.

Any Other Business

RD raised discussing the LD Plan next time

End of meeting - Meeting closed 12.30pm

Next meeting 25 September 2024

Actions:

Action	Task	Who	Status
