Accessible Transport

Discussion:

CM confirmed there are now 2 types of bus pass. Standard Disabled Bus and Pass and Older Persons Bus Pass. LM said he is affected will need to pay to go to work. CM said LM could speak with Stagecoach to ask about ticket options to make it cheaper.

LM said the Dial a Ride service is low on volunteers. Not a reliable service. Likes to travel with friends and cannot attend if family not available to support with travel

Action: CM to find out more from Dial a Ride

RD raised people being asked to work more and then bus pass changes make another barrier to work

RT talked about changes to services including more modern vehicles. Training on hidden disabilities and waiting for people to sit down. More accessible buses.

In New Forest evening and frequency of services improved.

ML said she was worried about support and understanding of driver to wait whilst she gets money out and change ready. RT said paying with a card might be faster and more secure.

Access card will not work for buses as they are reimbursed by the council for companion travel

CM said companion element of bus pass has been removed. Standard disabled bus pass works after 9.30am, companion would need to buy a ticket.

CM said they have raised awareness of this change in as many places as possible.

LM said some bus drivers are 'rude and horrible' and that 'Kirsty is brilliant'. CM suggested feeding this back to Stagecoach.

CrW raised the importance of including transport when road repairs take place to save issues with losing drop down curbs and accessibility features.

Request from HLDP for Easy Read information on transport for the HLDP website. TH asked if there are Easy Read timetables?

CrW requested an up-to-date route plan and network map

Action: RT to provide

Any Other Business

Topics for next time: CrW mentioned Great Western and Southern railways are merging to form Great British Railways. The RAAG are also looking at lift signage. LM raised there is a broken lift in Basingstoke near the bus station and ML mentioned the lift at Morrisons
